

## Singapore Employee Tax Guide

### Employee Share Purchase Plan

#### Introduction

The following is a summary of the tax treatment of awards made under the Micro Focus Employee Share Purchase Plan (the "Plan"). This summary assumes that you have been resident in Singapore during the lifecycle of the award (i.e. from the beginning of the Savings Period to the Sale of shares) and that you are not subject to taxes (including Social Tax) in relation to the plan in any other jurisdiction.

The tax treatment as explained herein is intended as a guide only. It is limited to a general description of the national tax laws, and is not intended to address city, regional, or other local tax laws that may be applicable to you. It may not apply to your particular tax or financial situation, and we are not in a position to assure you of any particular tax result. Therefore, we recommend that you consult with your own independent tax advisor regularly to determine the consequences of taking or not taking any action concerning your shares, and to determine how the tax or other laws in Singapore apply to your specific situation.
